Hi Mary Ellen,

Thanks very much! It was good to talk with you again, too. I really appreciated the summary.

I don't think I have a final version of the Organic U document after I sent you this draft with my comments. I apologize if I missed it somewhere with all the craziness.

*Valois*

**Subject:** Organified U follow-on questions

Hi Valois,

It was good to speak with you. Here is a Word file with some response to questions from October. I've also attached an Excel file in which GW quality data have been compiled from the permit application materials. One of the tabs is a subset with the radionuclides.

Have a good weekend!  
Mary Ellen
